Full Stack Web Developer

I'm a motivated and detail oriented Web Developer. My background in public health drives my interest in finding technical solutions that make a positive impact.

SKILLS HTML, CSS, JavaScript, React, Ruby

EXPERIENCE

General Assembly, Software Engineering Immersive

Aug. 2020 – Nov. 2020 | Remote

Three month, 500 hour full-time immersive full-stack Software Engineering program focused on current front end and back end programming languages, technologies and tools including: HTML, CSS, JavaScript, jQuery, React, Node.js, Express, MongoDB, Ruby, Ruby on Rails, PostgreSQL, Git, GitHub.

Technical Projects

- [Daily News](#) - React app using a 3rd party API that allows users to search for news articles by keyword, and select articles they'd like to read on the favorites page.
- [PALATE](#) - MERN app for rating and reviewing items on a restaurant menu. As a group project, I worked on building the API on the backend and implementation of the CRUD functionality on the frontend.
- [My Training Log](#) - Full stack app (React, Rails, Postgres, JWT) with authentication built for a user to log their workouts and search their list of saved workouts by title.

Freelance Web Developer

Jan. 2020 - Aug. 2020 | Remote

Worked with clients to provide content updates to their websites using HTML, CSS and JavaScript.

- [ASYCC](#), [Music All Around](#), [Kim Wallach](#)

Men Can Stop Rape, National Programs Manager

Jan. 2014 – Jan. 2019 | Washington, DC

- Managed eight versions of the [Assault. Services. Knowledge](#) (ASK) platform, a website and app that centralizes local and national resources for survivors of sexual assault and domestic violence.
- Primary responsibilities related to ASK included strategic planning, collaboration with web developers and designers, content population using Sitefinity CMS, app testing, communication with clients, community outreach, Google Analytics, and grant reporting.
- Maintained the organization's website using Joomla! CMS.
- Developed public education campaigns, PSAs, and advertisements that reached placement in WMATA Metro Stations and Buses.
- Coordinator for local and federal grants with DOJ - Office on Violence Against Women and HHS - Office on Women's Health.
- Directed a technical advisory group over 3 years of nine university students in DC, Maryland and Virginia who informed our grant programming.
- Contributed to the [article](#) published in Health Education & Behavior Journal (June 2020)

National Park Service, Recreation Assistant MA

June 2011 – Sept. 2013 | Truro,

Seasonal ocean lifeguard at Head of the Meadow beach on Cape Cod National Seashore

- Educated 100+ visitors daily about ocean surf conditions, beach and water safety.
- Conducted water rescues and treated patrons who needed medical attention.
